Dr. Glenn Cassimy
Former DOE-School Administrator

MEET THE DIRECTOR

As the Director of IBEI, Principal, Director of Curriculum & Instruction, and Superintendent of Education, Dr. Glenn Cassimy has dedicated his life to improving education. Dr. Cassimy emphasizes that with the event of the NYS Next Generation Standards, classroom teachers should be better positioned to raise the level of student proficiency as they are provided with 'Goal-oriented NGS Training.' Concomitantly, both TSI and CSI schools should profit from this form of Targeted Instruction.

MEET THE ASSISTANT DIRECTOR

IBEI Assistant Director Jennifer Bolejack Ortiz has worked in education for over 20 years. As a teacher, school administrator, and technology and classroom instruction specialist, she has been a part of many exciting improvements to the students under her tutelage, and the schools she managed.

Jennifer Bolejack Ortiz
Former School Administrator

WHO IS IBEI

Innovative Business and Educational Initiatives (IBEI) is an educational institution providing professional support for business and educational institutions. We do this successfully because of the combined years of academic training, and on the job experiences that our educators bring to IBEI. Our elite team of workers has gained their experiences as teachers, school principals, superintendents of education, and president at the college and university levels. We believe that we can work cooperatively with institutions to make their goals attainable.

The function of education
is to teach one to think intensively
and to think critically.

Intelligence plus character
—that is the goal of true education.

Martin Luther King, Jr.

SCHOOL SPOTLIGHT: PS/MS 129 JOHN H FINLEY

IBEI Services had the opportunity to work with staff and teachers at PS/MS 129 during the 2021-2022 school year. We provided PD seminars geared to explore avenues to successfully address NYS Next Generation Standards. We are thrilled to continue our working relationship with Principal Odelphia Pierre and staff, by providing additional support during the current school year.

PARENT ORGANIZATIONS THAT BUILD STRONG SCHOOL COMMUNITIES

IBEI provides parent seminars which address the importance of parent organizations in schools. We highlight their role in improving communication and collaboration between home and school, as well as promoting student achievement. Research suggests that these organizations play a vital role in building strong school communities by helping to create positive learning environments for students. Overall, the program emphasizes the important function that parents can play in supporting and improving schools.

“At the end of the day, the most overwhelming key to a child’s success is the positive involvement of parents.”

Jane D. Hull

PARENTS AS PARTNERS

IBEI provides tools to assist many parents in regaining their position as their children’s most important educator. Change starts with effective school.
